

CICLO DE CONFERENCIAS DE TELECOMUNICACIÓN

OPPORTUNITIES AND CHALLENGES WITHIN THE EUROPEAN DEFENSE INDUSTRY

 (Online) MStTeams

Presencial, Salón Grados, ETSIT, Antigonos

Current and future European defense developments will rely on an integrated system-driven technological innovation, where Telecommunications will be at its core. Upon the increased need of highly-skilled professionals...

- What are the **career opportunities** for Electrical/Telecom Engineering (under)graduates?
- What **skills** and **competences** should you target during and after your studies?
- How can you combine your studies with **hands-on experience** in the industry?

The UPCT and HENSOLDT invite you to join to an online roundtable to discuss altogether about this and more!
